picoCTF (2018)

Bagged Global Rank 1415 in picoCTF 2018 among 16143 teams.

FTRE (2017)

Bagged All India Rank 221 in FIITJEE Talent Reward Exam 2017.

ANTHE (2015)

Bagged All India Rank 2991 in Aakash National Talent Hunt Exam 2015.

## PROJECTS

StudyBot (05/2018 – 07/2018)

- StudyBot is an all-rounder knowledge portal developed exclusively for students especially for those studying in Secondary, Senior Secondary, and Undergraduate standards. Not only CBSE, the project also enables students to choose the right career afterwards. It has been observed that most of the Schools do not provide any type of counselling to the students about the future career scopes. We at StudyBot has a special 3C - Career Counselling Cell, which helps students to pursue their career in the right direction.

Canapé (08/2018 – 11/2018)

- Canapé deals with the technological aspect in solving the problem of food wastage in college mess at individual level. The proposed concept can be implemented by universities and colleges in their mess to provoke students to save food and therefore save money. The solution basically involves an Android Application which handles the whole Mess Management in a concise manner.
